

THIS MORNING

Let's say an element  
was actively trying  
to make me for  
get, & I do believe  
however inconceivable  
there are structures  
& there is analysis  
so there is Melville's  
factory floating  
somewhere above  
the deep mountain  
even trout breathe  
like deer I saw  
one hurt late night  
memory refuses.
