

Ammiel Alcalay

from the ongoing *Imperial Abhorrences (& Other Abominations)*

in homage to Ed Dorn

March 23, 2019

over the smoldering ruins
having forgotten or never
even known of the achiev-
ement of Egyptian stone
work in granite & diorite,
honed absolutely flat &
level to a thousandth of
an inch, the lizard men
& surviving humanoids
collectively paw over
one of the 21st century's
only artifacts: the highly
redacted remains of,
yes, the Mueller Report!
